The 26th annual congress of the International Association of Dynamic Psychotherapy
Chairman : Nagayama Tomoyuki
Academic Program Committee Chairman : Nakamura Yuki

26th Annual Congress of International Association of Dynamic Psychotherapy notice and request of postponement

Dear Sir,

I wish you all best for your continued good health.

Regarding the holding of the 26th Annual Congress of the International Association of Dynamic Psychotherapy, in response to the spread of the new coronavirus in Japan. We have decided to postpone it as follows.

Date : September 18, 2021 (Saturday) ~ September 20 (Monday, Holiday)

Venue : Harborland Campus, Hyogo University of Education
(Kobe City, Hyogo Prefecture)

Congress Theme : Make the Impossible Possible - The Moment of Micro-Change
Dynamics in Psychotherapy

The preparatory committee for the tournament will continue until the very end. With a wide range of possibilities including online conductors, we have made every possible preparation for implementation. And I finished the pamphlet until it was almost completed. Even the members of the preparatory committee for the tournament could not confirm their participation. I'm very sorry, but we have decided to postpone it.

The Congress itself was postponed. To be equal to the corona disaster prepare a new plan to replace and the postponement "Make the Impossible Possible." To turn it into an opportunity, we will also focus more on creating domestic and international networks. We will do our best to make the competition even more fruitful.

Please come to next year's congress at Kobe. We look forward to seeing you. Regarding the research presentation and case supervision subject recruitment, I will show you around spring. Please also check our website. Please follow and retweet twitter and Facebook. We would appreciate if you could join the congress with your friends.

Thank you for your cooperation.

With respect
